## Consent Form for Author Identification to *Referees*

Dear Author,

If you wish to be identified to the *referees* during the review process of your article, please fill out the form below. We remind you that the review process is usually conducted anonymously (double-blind), and this option is provided for authors who prefer not to remain anonymous.

### Author Information:

- Full Name: \_\_\_\_\_
- Title of the Article: \_\_\_\_\_
- Affiliation: \_\_\_\_\_
- Contact *Email*: \_\_\_\_\_

### Consent Statement:

I, \_\_\_\_\_, hereby declare that I am aware of the usual double-blind review process adopted by *Mundo da Saúde*, but I voluntarily choose to allow my identity to be disclosed to the *referees* who will review my article. I understand that this choice will not affect the rigor or impartiality of the manuscript evaluation.

[\_\_\_\_\_] I agree to be identified to the *referees*.
